RE: Data Collection Form and Reporting Package Submission

Through a notice on the web, we have learned the Data Collection Form (2008 Form SF-SAC) to be used for fiscal 2008 audits is in the process of being revised. The revised form is expected to be available on the Federal Audit Clearinghouse (FAC) website (<http://harvester.census.gov/sac/>) on or before August 30, 2008.

If 2008 audits are completed before the new form is available, the 30 day deadline for submitting the reporting package may be affected. The FAC has indicated reporting packages should not be submitted until the revised form is available. OMB has granted an extension to September 15, 2008 for submission of the reporting package to the clearinghouse for 2008 audits that are due on or before that date.

Through verbal representation, we have learned the reporting package and Data Collection Form for fiscal 2008 audits will be required to be submitted to the FAC electronically. Instructions for the electronic submission are not available at this time but will be included on the FAC website at the time the revised DCF is made available.
